

Airborne sound insulation – Verwol Vintage Vision

Characteristics

Product line: Verwol Vintage Vision
 Surface: Glass
 Reference: 00330-11159-02
 Date: February 23, 2016

Test results

This sound insulation test has been carried out according to NEN-EN-ISO 10140-2 and NEN-EN-ISO 717-1 at the sound test laboratory of DPA Cauberg-Huygen(NL). The measurements of the test opening between the two rooms are 4.300mm x 2.800mm (WxH), which equals approximately 14'-1" X 9'-2".
